

INCIDENT TRACKING

DEMONSTRATE STRENGTH IN COMPLIANCE

OCR's Incident Tracking System provides a platform for your employees to self-disclose identified errors and demonstrate corrective actions. The solution also enables you to implement a uniform and consistent corporate-wide policy and internal review process; you are able to evaluate all incident reports, audit findings, identify corrective actions and when necessary, prepare voluntary disclosures for the government.

Benefits to the Business

- Enables you to easily and confidentially track and manage incidents or matters of concern across your entire organization.
- Provides management reporting and tracking of Matters Under Review (MUR) by compliance officers, auditors, or legal staff.
- Record type of incident and related details.
- Configures compliance workflow steps to allow you to quickly and effectively address identified concerns.
- Prepare, file and track voluntary disclosures sent to the regulatory government agency.
